

### *Geocaching Etiquette*

**Obey local laws:** Follow regulations governing the use of roads, and other public areas. Obtain permission before entering private property.

**Preserve the Environment:** Respect our natural environment by using existing trails. Practice "CITO."

**Respect the Geocache:** Replace the container exactly as you found it.

**Log your find:** Sign the logbook and share your experience online. If you take something from the cache, leave something of equal or greater value.

**Keem 'em Moving:** Only take a trackable item if you are willing to help it travel from geocache to geocache.
